*****On-line Check In – This process is MANDATORY**

The Cherry Creek School District requires each family to update their student information at the beginning of every school year, as well as any time information changes. You can register and/or login to the system beginning June 30th at: <https://my.cherrycreekschools.org>

1. Parents who already registered to use the system in the 2013-2014 school year will use the same username and password for 2014-2015. Parents can update/change their password at <https://my.cherrycreekschools.org>
2. New parents to CCSD will need to create a username and password to use the system by registering at the Internet address above. To register, parents should have the following information available: **Parent First and Last Name, Birthdate and Student ID** for at least one of their children, and a **Personal Email Address**. Spelling for all personal information must be accurate. Student ID Numbers can be found on original Admissions documents as well as your child's final report card.

Due to safety and legal requirements, it is mandatory that you complete this process prior to your student's first day of school.

Please call the school office if you need additional assistance at 720-886-3800.

Thank you for your help in keeping your student's information up-to-date.
